**EPIC KIDS PRESENTS:  
NEWTON'S LAB ROCKET RACERS**

**D TRACK - LUNCH ON  
THE LAWN**

**EPIC Kids PRESENTS** For Grades 1-6

**Newton's Lab: Rocket Racers**  
AT  
**Harada Elementary**

**Jump into the shoes of a different scientist each day!**  
Rocket Racers is a fun and exciting program that allows students to have hands-on experimentation with the forces acting on rockets! Students test aerodynamic forces and learn about trajectory of flight. They continue with building various types of rockets and learning lessons on how the forces in aerodynamics play a role in launching.

Learn about lift, drag, thrust and other amazing science with our crazy scientists! Learn the basics about helicopters, chemical reactions, building structures, launching rockets and more.  
Newton's Lab Kids allows students to have a hands-on experience and become the scientist that they have dreamed of becoming, all while building logic and critical thinking skills.

Each lab has a testable hypothesis and an enriching hands-on experiment that students will never forget!

Wednesdays	Time	Price
Mar. 11, 18, 25	1:55-2:55	\$89
Apr. 1, 8, 15
