April 5, 2020

Good Morning Harada Families!

I hope this message finds all of our families in good health. We miss all of our Harada Dragons immensely! Please see this short [video](#) we have prepared for you.

As you are aware, the Governor and State Superintendent of Public Education have announced that school campuses will stay closed for the remainder of 2019-2020 school year. This does not mean that school is over, rather it means that we will all embrace a new way of engaging in school, Distance Learning. As we move ahead to provide students with Distance Learning, we thank you in advance for your patience and grace. Not only will this experience be new to you and our students, but to our teachers as well. CNUSD is officially launching Distance Learning on Monday, April 13<sup>th</sup> but many of you have already begun to meet with your teachers via Zoom, Google Classroom, Class Dojo, SeeSaw, Remind and/or email. Please make sure we have your correct email address on Parent Connect so your child does not miss out. As a reminder, the district will continue to update the [Enrichment Website](#) if you are looking for additional activities for your child to engage in.

In order to collectively prepare for Distance Learning, our teachers have already been busy planning instruction and learning new and exciting ways they can deliver lessons to your children. They have been attending virtual professional development so they are ready to hit the ground running come April 13th. Because the delivery of instruction through digital platforms is new for everyone, I would like to encourage courage, flexibility, patience, and understanding for you, your children, and the Harada staff as we work together to create a supportive learning environment during these uncertain times.

The extension of the closure, as well as more parents being asked to work from home has made many families realize that they are in need of a device for their students to engage in Distance Learning. The district is working to provide

**RESPECT \* ACCOUNTABILITY \* INTEGRITY \* LEADERSHIP \* SAFETY**

devices to the families that responded to the first technology survey that went out. A second technology survey will be coming out from the district office within the next week. Please be on the lookout for this survey and respond according to your needs so that you can be considered for the next round of device deployment.

We also know that the announcement of the closure until the end of the school year brings up many questions about collecting personal items left on campus, returning school property such as library books, delivery of Spring Pictures, yearbooks, and more. We understand the importance of these items and will be working in coordination with the district to come up with a plan to address all of these concerns. We will provide updates as we have them and you can continue to visit the district [FAQ page](#) for the most current information available.

Online re-enrollment is currently taking place and this year you can do it from your MOBILE DEVICE!! Now is the time make sure your child is ready for next school year! Click [here](#) for more information.

We hope you are enjoying your time together as a family and are staying happy and healthy! Please continue to monitor the [Harada Facebook](#) page to stay connected to our school, as well as the [CNUSD Facebook](#) page and website for the most current updates! You can also reach me directly at [ejenson@cnusd.k12.ca.us](mailto:ejenson@cnusd.k12.ca.us).

Sincerely,

Dr. Erica Jenson
