

Good Morning Dragons!

We are so excited to have the privilege of being one of the first schools in the state to launch right into the 2020-2021 school year! As you are aware, our school year begins on Monday, August 3rd and even though we are disappointed that we will not be greeting you live and in person with warm smiles, big hugs, and lots of high fives, we do know that our updated Remote Learning experience will continue to provide the high quality education you have come to expect from Harada Elementary School!

This year, as we begin school in the online environment, we want to make sure that you have all of the information that you need to be ready to go on Monday morning. For the 2020-2021 school year, all teachers will be using Google Classroom as the online platform through which instruction is provided. This is where you will be able to find the teacher's contact information, office hours, assignments, grading polices, and more!

It is important to note there will be several changes as we begin our Remote Learning together:

- Teachers will build rapport and establish relationships with their new students
- Teachers will provide standards-based content and instruction
- Teachers will regularly monitor work completion and provide feedback to students
- Student participation is mandatory and attendance will be taken
- Students will have daily academic activities and assignments to engage in
- Students assignments will be graded and grades will be regularly updated in Q

2020-2021 Classroom Information

Teacher Name: **Ms. Melissa Rovetto**

Teacher Email Address: melissa.rovetto@cnusd.k12.ca.us

Remind/Class Dojo/Class Tag:

Google Classroom Code: **vu3ajv7**
